

# FI- SUB6P

Ultra Compact Installation Sub-woofer

The FI-Sub6P is an Ultra-compact Passive 6" Subwoofer.

The 6" passive radiator emulates a larger internal volume giving this tiny sub the deep bass performance of a Sub-woofer three times its size.

## Features

- Ultra-compact installation subwoofer
- Designed, engineered and tuned in Italy
- The enclosure made of Stainless Steel, giving an IP54 rating
- Ideal for outdoor installation applications
- Compact and discrete, making it ideal for sophisticated interior designs
- Impressive Low frequency performance for its minimal size

## Applications

- An excellent solution to fulfil any installation applications such as restaurants, lounges, hotel lobbies, corporate offices, retail store, outdoor terraces etc.

# Specifications
